5<sup>th</sup> January 2026

Dear Patient,

Thank you for your continued support for our surgery and staff, which is greatly appreciated and valued by our team.

We are writing to all of our registered patients to let them know that Beaconsfield Medical Practice is proposing to merge with our neighbour, The Haven Practice, within the coming year (2026).

We want to reassure you that these proposals would not affect any of the services you receive or mean you would have to do anything differently.

We do not propose to close our surgery, which would remain where it is, with the same staff that you are used to seeing and dealing with. You would still contact the practice in the same way and continue to be able to attend appointments at the same place you have always done.

Should the proposal go ahead this would mean that The Haven Practice building at 100 Beaconsfield Villas would close and patients registered with The Haven Practice would need to go to Beaconsfield Medical Practice for future appointments.

A key part of this proposal is that Dr Larissa Tate and the Haven Practice staff would move across to Beaconsfield Medical Practice, so patients registered with The Haven Practice would continue to receive care from the same team they always have done. This aims to ensure that there would be no impact on the existing services available to our patients at Beaconsfield Medical Practice.

You can give your feedback on the proposal through a survey, which you can complete [online](#) or pick up a paper copy from the practice. The survey closes on 2 February.

If you have any questions or need further reassurance, please do not hesitate to contact the practice. We will keep you updated throughout the process to ensure you feel informed and supported.

Thank you for your continued support and understanding.

The Partners  
Beaconsfield Medical Practice
